

Low Voltage Seminar

June 25-26, 2024 | Mount Sunapee

Sponsorship Opportunities

Ski New Hampshire is excited to announce our third annual low voltage seminar, aimed at providing top-notch training and development to lift mechanics from our more than 30 ski areas. As lift operations are critical to ski area success, we understand the importance of keeping lifts running safely and efficiently. Our seminar will offer hands-on training sessions for maintenance and repair, with a focus on the electrical elements of lifts. Whether staff are new to lift operations or are seasoned mechanics, our seminar has educational opportunities for all. In order to ensure a productive seminar, total registrations are limited to 75 staff.

Businesses interested in supporting this seminar are invited to become sponsors at one of the following levels. **Sponsors of the Ski NH Annual Conference & Trade Show save 50% of sponsorship costs listed below.**

Master Sponsor \$1,000
