Sponsorship Opportunities

Ski New Hampshire is excited to again welcome ski area staff, industry partners, and exhibitors this June to Cranmore Mountain Resort for our 2025 Annual Conference & Trade Show. Thanks to our sponsors' invaluable support, we can keep attendance costs low for our ski area members, which enables them to send more managers and other ski area staff to attend our educational sessions and trade shows.

All sponsorships include associate membership dues as part of the overall package which provides a variety of **benefits**, including a linked listing on SkiNH.com and listings and company updates in our member newsletters.

Like last year, the trade show and bulk of sessions and networking opportunities will take place in the Fairbank Lodge on the first day of the event. Sponsors will have ample opportunity to meet and network with ski area staff from various departments and levels of management, as well as with other industry partners.

Last year we had approximately 400 attendees, and expect similar attendance this year. In addition to inclusion in the program and the benefits outlined below in 2024, sponsors were recognized in emailed communications to our members, ski areas, and the attendees. Ski NH emails averaged a 50% open rate, which is 15% higher than the industry rate.
