

### YOUR RESPONSIBILITY CODE

Skiing and snowboarding can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross-country, and other specialized ski equipment, such as that used by people with disabilities or other skiers.

Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience with friends and family!

- Always stay in control and be able to turn, stop, or avoid other people or objects.
- People ahead of you have the right of way.
- Stop in a safe place for you and others.
- When starting downhill or merging, look uphill and yield.
- Use devices to help prevent runaway equipment.
- Observe signs and warnings, and keep off closed trails.
- Know how to use the lifts safely.

### SKI BOUNDARY & TREE SKIING POLICY

Crotched offers experienced guests a selection of challenging tree skiing terrain.

- Tree skiing terrain and backcountry areas beyond the Ski Area Boundary are not maintained or patrolled by Crotched. Tree skiing terrain may contain hazards that will not be marked.
- Tree skiing may require advanced skills.
- When you pass beyond the Ski Area Boundary, you leave the area of Ski Patrol Services. You are responsible for your own actions, your own rescue, and the cost of your rescue.
